

PARsource

GLS - series

SYSTEM

GLS REFLECTOR SERIES

- *Ideal for low clearance situations*
- *Accepts 400, 430 and 600 watt HPS*
- *Available with attached or remote ballast option*
- *MIRO5 aluminum reflector, the highest reflectivity available—delivers broad, even coverage from a minimal fixture footprint*

Lower Wattage/Lower Clearance

At nearly 90% efficiency, the GLS delivers more usable light energy than any other reflector in the industry. This stellar performance allows greenhouse growers to significantly reduce the number of fixtures needed for growing success.

Specifications

BULB TYPES: Agrosun® Red Sodium, Sodium

BULB WATTAGES: 400, 430, 600

INPUT VOLTAGE OPTIONS: 120 / 208 / 240 / 277 / 480

AMPERAGE (APPROX.):

Wattage	120 Volts	240 Volts
400W	3.8 amps	1.9 amps
430W	5.2 amps	2.6 amps
600W	5.5 amps	2.9 amps

GLS REFLECTOR

SIZE: 13"H x 12"W x 26⁵/₈"L

WEIGHT: 4 lbs

MOUNTING: Hangers provided

REMOTE BALLAST OPTION

Save on installation costs and minimize weight.

SIZE: 9"H x 8¹/₄"W x 11¹/₄"L

WEIGHT: 21-40 lbs

Also available e - BALLAST

SIZE: 3¹/₈" H x 4¹/₂" W x 10³/₄" L

WEIGHT: 12 lbs
